

## Waste Farmers Bulk Soil Donation Application

This program is exclusive to Colorado and was specifically created to support our schools, churches and non-profits! We are now accepting applications for the 2015 growing season. This is an excellent opportunity for an organization to partner with Waste Farmers and receive a soil donation for your food growing needs. If your organization shares similar core values with Waste Farmers and is interested in participating in the program, please fill out this form.

Your complete application must be emailed back to Jessica George at [jessica@wastefarmers.com](mailto:jessica@wastefarmers.com) no later than February 16th, as we will select and notify all organizations by February 23rd.

NOTE: If you need more space, all questions can be answered and submitted in a separate doc.

Name of Organization: \_\_\_\_\_ If non-profit, 501c3: \_\_\_\_\_

Contact Person & Position: \_\_\_\_\_ Email: \_\_\_\_\_

Address: \_\_\_\_\_ Phone Number: \_\_\_\_\_

1. We would like to support efforts that are similar to Waste Farmers values around sustainability, supporting local, and community. How do you plan to use the donated soil?

---

---

---

---

2. Approximately how much soil do you need and which kind (all soil options are listed in a separate .pdf)?

---

3. If we can only donate a portion of your needs, where will you purchase the remainder?

---

4. While Waste Farmers is a for-profit company, we're extremely committed to running our organization from a value system that often makes us feel like a non-profit ourselves! Thus, we need commitment and support from our community as much as you need ours. With that, what creative ways could your organization help promote the goodness that is Maxfield's during the 2015 season, i.e., Instagram takeover for one week in the spring and one in the summer with daily posts, x amount of hours tabling at events, etc. Please be creative and specific.
